

Me: we arrive in Venice, the two of us smelling of sex and constantly touching each other, and head to Hotel Danieli where luxury awaits. I've left my cum-soaked, expensive panties behind in the train that brought us here...on accident.

Daniel: you did that on purpose.....

Me: yes I did

Me: we can't keep from touching each other as we travel to the hotel and get checked in. you touch my hand, I offer you my cheek for your lips to brush against, your hand on my ass firmly. no one bats an eye, as Venice is the city of lovers.

Daniel: yes

Me: I am wondering, if you are touching yourself yet?

Daniel: have been since we started yes

Daniel: not until after the mum thing though

Daniel: gawk

Me: thanks for clarifying +)

Daniel: lol

Me: don't forget to squeeze those balls for me

Daniel: on it

Me: there is sex in the air and so many beautiful people. we enjoy pointing out to each other the hot, minimally-clothed, voluptuous women. we have the same taste in women, although I usually see them first. these women don't bat an eye at our lustful stares, as Venice is the city of casual sex.

By the way...

I am gently rubbing and tugging at my clit

Daniel: I see that, who's it doing the small one

Me: hm?

Daniel: sorry, how's it doing - having a hard time concentrating writing

Me: good sign. lickity fingers.

In the full elevator to our room you pinch my nipple. I act embarrassed, then wink at you and kiss your neck. our plush room is full of antiques and ornate tapestries. and a big, fluffy bed. we should be tired and give our sex organs a rest after fucking for the last three hours on the train, but as soon as the nice boy who brought our bags up leaves I push you against the door. "Wanna go again?" I ask. we are sweaty and dirty from travel and much fucking. we also cant seem to get enough.

Do you like my story so far Daniel?

Daniel: I love it

Me: are you really turned on? ready to fuck me?

Daniel: oh yeah

Me: I press my chest against yours and you can feel my heart racing. you kiss my eyelids, then spin me around and trap me against the wall with the weight of your body. your cock is already hard and you rub my pussy with it through our clothes. "I want it" I whimper. you spin me around again, I am now pinned with your hard-on between my ass cheeks. you begin rhythmically pressing against me and I cant help but arch my back into you in response. you move my hair from my neck and kiss and lick it. I whimper.

Daniel: y

Me: I am suddenly flung onto the bed and under the full weight of you. you reach between us and release your cock from your pants. your balls tight, you're breathing hard and staring at me. you are lost in desire for me. I tell you what I want by wriggling my dress over my head and then leading your mouth to my left tit. want some more?

Daniel: I let my tongue circle your nipple

Me: You suckle hungrily reaching between my legs, clumsily and eagerly fucking me with your fingers. you squeeze my clit, your fingers and palm wet from me and you. I am overwhelmed with longing for your cock to be inside me again.

"Fuck me, please." kissing me deeply and sucking my lower lip and tongue, you part my

legs. I wrap them around you as you enter me, still dirty and wet. and very tight. every time you put your cock inside me its like the first time: very wet, very tight, and hungry. I've been very very hungry lately, thanks to you lover  
I'm pinching my nipples

Daniel: give it to me, and don't stop pinching

Me: My pussy has already begun vibrating in anticipation of your cock. it contracts around you, making you shudder, making you moan in my mouth. hearing you enjoying my pussy excites me even more, I lick my fingers and then pinch my nipples, moaning, kissing you deeply.

You are fucking me faster now, sometimes frenzied, sometimes sweet and kind, sometimes hard and mean. you are kissing me with such tenderness my body feels it's being fucked by many lovers at once. we are sweaty and making noises of desire, making erotic sounds as our sticky bodies press together.

are you close lover?

Daniel: y

Suddenly you stop and pull out of me, and rub the head of your cock on my clit. I run my hands through your hair. I take your face in my hands and lead your mouth to mine. I bite and suck your lower lip like a baby. and then I look at you breathlessly, innocently, my eyes wide and lucid. I meet your stare and say "fuck me like I'm your whore"  
do you like it when i ask you that?

Daniel: yes

Daniel: I want to

Me: let me have it, I can take it

This sends you out of your mind. you bury your head in my neck, wrap your arms around my middle and fuck me hard, then slow and fast. you can tell I am cumming because my pussy is contracting around your cock as in moves in and out of me. it grabs hold of your cock and then releases it over and over.

You shoot your cum into me, we are breathing hard, drenched in sweat and sticking to each other. our bodies are pulsating. we fall asleep like that.

Daniel: perfect - I've seen God

Daniel: damn you're good girl

Me: did you ruin your keyboard again?

Daniel: took precautions, wrapped it in plastic

Me: easy as pie

I'm glad you liked what I saw in my head

Daniel: the contractions made me cum

Daniel: and the locked eyes

Me: they leave me buzzing for a while

I like to see what my actions are doing to my lovers face

Daniel: me too

Daniel: intense

Daniel: I'm happy

Me: that's such a compliment to me

Daniel: making an evil sex God Viking happy should be a compliment to everyone

Daniel: lol

Me: yes, true

and it was

thank you Daniel

Daniel: So I guess we'll wake up at some point, drenched in each others body fluids?

Me: not a bad life to have

Daniel: not at all

Daniel: I want you again

Me: already, soldier?

Daniel: hard as a rock - but I'll take it from here - when is our next date?

Me: erp...hm...?

Daniel: we'll figure out

Me: are you the author this time?

Daniel: you bet

Daniel: though I won't be topping this

Me: I probably blew my load on this one. maybe I don't have any more in me.

Daniel: I bet you do, you're a natural

Me: who told you?

Daniel: I can tell

Me: perhaps I should write erotica, become fabulously wealthy and spend my days teaching horny girls how to have IM sex with Danish actors?

Daniel: lol

Daniel: as long as you send them my way

Daniel: lol

Me: Sure, and remember you're not the only Danish actor. Let the others have IM sex too.

Daniel: I just want it with you

Daniel: Michelle?

Daniel: It was good

Me: thank you Daniel, I had a great time creating it, as you can imagine

Daniel: yeah

Daniel: now I have a another date

Daniel: with that candy colored clown they call the Sandman

Me: I am going to stare a while at this picture you just emailed me, of your hand on your chest. don't think I'm finished yet. but good nite to you sweets.

Daniel: .....dirty.....girl
